Documentation & Style Guidelines

1. Typography
Use Inter font consistently throughout the app. Maintain the defined font sizes for headings, body text, buttons, and labels.

2. Colors
Use the defined color palette consistently. Use primary colors for important actions and maintain readable text contrast.

3. Components
Use reusable components for buttons, input fields, cards, and navigation elements to maintain consistency.

4. Alignment & Spacing
Maintain consistent alignment, spacing, and padding across all screens.

5. Consistency
Follow the same visual style for buttons, icons, text fields, and other UI elements throughout the app.

6. Accessibility
Keep text readable, use sufficient color contrast, and make interactive elements easy to identify.
